

News Release

Brendan Green Top Canadian in European Cup 6

NWT Biathlon News Release

IBU Cup Biathlon 6: Haute Maurienne (FRA)
February 6-7, 2010

Brendan's skiing and shooting were strong, and everything was going so well until the last set of standing targets. He entered the range with the leaders knowing that now the winners would be decided. Unfortunately, two misses put him on the penalty loop, and dashed his chances for the podium in Sunday's Pursuit Race. But he still came through with a 4th place finish: the top IBU Cup result for the Canadian Men's team this season.

The competition consisted of two races, starting with the 10 km Sprint on Saturday. Fast skis and solid shooting (hitting 8 for 10) gave him a 7th place finish, 37 seconds behind the leader to set his starting position and handicap in the Pursuit. For further details, see the results posted on the Biathlon Canada website.

Brendan and the Canadian team now relocate to Italy for the IBU Cup 7 races Feb. 12 and 13 in Val Martello before returning to Canada and the Olympics.
