

# ANNUAL REPORT 2009-2010

## MINISTER'S MESSAGE

As Minister of Municipal and Community Affairs (MACA), I would like to thank the Sport North Federation and its Territorial Sport Organizations for providing residents of the Northwest Territories (NWT) with opportunities to lead active and healthy lifestyles.

I would also like to thank the many volunteers who contribute their time, talent and energy to the recreation and sport system. The work they do is important to the well-being of our youth, the growth of the sport system and our collective efforts to build healthier communities in the NWT.

There have been a number of major sporting events during the past year in which athletes from the NWT have enthusiastically participated. Congratulations to everyone who participated in the 2009 Canada Summer Games in Prince Edward Island and the 2010 Arctic Winter Games in Grande Prairie. These Games were very successful and provided a tremendous opportunity for youth to experience the excitement of a multi-sport event.

During the past year, Sport North also continued to lead a variety of other important initiatives: KidSport™, a charitable foundation, provided financially-challenged youth the chance to participate in sports; the National Coaching Certification Program offered quality training to aspiring coaches; and the Sport North Awards Program honoured the very best athletes, coaches, officials and leaders from our territory. These initiatives are important elements of sport programming in the NWT, and have helped us achieve our goal of improving the lives of people in our communities.

Again, congratulations to Sport North, the Territorial Sport Organizations and the many volunteers on a successful year, and I encourage you to continue to look for ways to broaden programs so that more people can participate in the future.

## PRESIDENT'S MESSAGE

In many ways it has been an outstanding year for the Sport North Federation. I continue to be most appreciative of the quality and commitment of our volunteers. Each and every one of our Territorial Sport Organizations (TSOs) should be celebrated for the contribution they make. The spirit of volunteerism was certainly in evidence at the Arctic Winter Games. Coaches, chaperones, parents, the Sport North staff and our mission staff members worked extremely hard to give youth a positive experience in Grande Prairie. I was particularly pleased that 26 communities were represented at these Games. This widespread inclusion of sport participation is a product of both our cadre of volunteers, support of family members and the Community Sport Opportunity Program (CSOP).

While our developing athletes maintain their engagement in and enjoyment of sport, our elite athletes continue to impress. In a brief period over the winter, we had athletes competing in World Cup events in several sports, setting international records and, of course, Brendan Green making us all proud by his participation at the Winter Olympics. None of these athletes would have attained their achievements without long-term support from their TSOs and families. In my view, our volunteer coaches, officials and sport administrators are second to none.

It should also be noted that our athletes, supported by their dedicated coaches and team managers, competed with great pride and skill at the Canada Summer Games in Prince Edward Island and, over the years, have continued to improve at national events. An indication of this progress is that NWT competitors have received four medals (one gold, two silvers and a bronze) in the last two Canada Winter Games.

Enhanced communication and collaboration has been a goal of the Federation. We have continued to meet, both formally and informally, with the territorial government, the Sport and Recreation Council, and our partners in an attempt to enhance goodwill, trust and work towards attaining mutual goals.

We are proud of the many programs that enhance opportunities for young people in our 33 northern communities. The KidSport™ NWT program continues to grow and assists families with financial need to enable their children to participate in sport. We are proud that our TSOs reach out to youth in communities large and small. On the other end of the spectrum, NWT seniors continue to be role models. Members of several TSOs will be among the participants of the 2010 Canada 55+ Games in Brockville, Ontario, in August. The Federation is striving for an environment that ensures opportunities in sport for all residents of the NWT.

Finally, I would like to thank our sponsors, wonderful staff, the Board of Directors, members of our committees and sub-committees, and our TSOs for their ongoing efforts on behalf of people of all ages and needs. They are highly committed and I commend their spirit, industry and passion. It has been a privilege to have served this extraordinary sport community during the past 12 months.
